**Matthew Fletcher : Federal Indian Law (Hornbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Indian Law (Hornbooks):

0 of 0 people found the following review helpful. Must-have resource for Tribal LawBy Pam ColbertExcellent resource. Provides great knowledge insight to Tribal Law!0 of 0 people found the following review helpful. Five StarsBy Paul StewartGood resource. Bought it for its content and that the author is one of my law school professors.

Fletchers Hornbook on Federal Indian Law is a deep survey of the history and substantive law governing the relations between the three American sovereigns, federal, state, and tribal. Interwoven are issues of federalism, administrative law, constitutional rights, and international relations. This hornbook includes original research and novel analysis of

foundational Supreme Court decisions and critical federal statutory schemes the stories beyond the stories. In addition to delving into the origins and histories of cases and statutes, the hornbook analyzes modern Indian rights settlements, the international and comparative frontiers of Indian law, and the future of the field.
