Erwin Chemerinsky : Federal Jurisdiction, Sixth Edition (Aspen Student Treatise Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Jurisdiction, Sixth Edition (Aspen Student Treatise Series):

0 of 0 people found the following review helpful. Chemerinsky is Constitutional Law's GodBy ElizabethWhenever you have a class that is on a topic Chemerinsky has written a treatise on, YOU NEED TO BUY THE TREATISE! The only reason I got an A in Con law, after totally bombing my outline and group study sessions, was because Chemerinsky wrote a supplement. That supplement is the summation of absolutely everything I needed to know. His Fed. Jurisdiction supplement is turning out to be exactly like that. Don't hesitate. Just buy it and snicker as your

classmates struggle. (Actually, don't do that. Don't feed into the law student stereotype.) If it weren't for cold calling, I don't think I'd need my textbook at all. 0 of 0 people found the following review helpful. Get This for Library Now! By Don Hall I use Chemerinsky in my law class more than the required Low, Jeffries 8th Ed. 300.- !! Great Great book, super price and super ship speed. 0 of 0 people found the following review helpful. Rockstar fed courts treatise By Saja C Taking Fed Courts? Buy this book. Read it. (Do your class reading too, then go here to have it make sense.) Everyone turns to Chemerinsky for Con Law, but I found this book just as useful. It's not going to give you the most intricate, nuanced perspective, but if you're getting lost in the theories and need to take a step back and put everything in (accurate) context and add some broader insight, use this book.

A student treatise, by one of the nation's leading authorities in Federal Jurisdiction, intended for use alongside any federal jurisdiction casebook. Features: Comprehensive coverage, with clear descriptions and analyses of the doctrines and policies that determine the jurisdiction of the federal courts Chemerinsky's straightforward approach, in which he clearly states the current law; identifies unresolved issues; and examines underlying, competing policy considerations An even-handed treatment of the material, with multiple viewpoints presented Has been used as the required text in lieu of a traditional casebook, with professors bringing in their own cases New to the Sixth Edition: Updates to include discussions of important developments that occurred after the current edition was published in 2007, among them: Military Commissions Act and *Boumediene v. Bush* *Medellin v. Texas* *Massachusetts v. EPA*, *Hein v. Freedom from Religion Foundation*, *Sprint Communications v. APCC Services*, and *DaimlerChrysler v. Cuno* *MedImmune v. Genentech* Habeas corpus developments *Ashcroft v. Iqbal* *Stoneridge Investment Partner v. ScientificAtlanta* (implied rights of action)

About the Author A graduate of Harvard Law School, Erwin Chemerinsky is the founding dean and distinguished professor of law and the Raymond Pryke Professor of First Amendment Law at the University of California, Irvine School of Law, with a joint appointment in political science. He lives in Irvine.
