Thomson West : Federal Labor Laws, 2010 ed. before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Labor Laws, 2010 ed.:

This title includes the complete text of Title 29 (Labor), United States Code Annotated, and all related important federal labor laws. It includes references to the Code of Federal Regulations Corpus Juris Secundum, the West Key Number System, selected Supreme Court decisions, and practice forms. The extensive appendix includes the text of some 24 related laws, including sections related to arbitration, bankruptcy, the federal criminal code, veterans' rights, government contracts, civil rights, shipping personnel, and railroad retirement. Code sections are amended through Pub. L. No. 111-196, approved July 2, 2010.
