Not a wholistic approach, but provides valuable info anyways By Nesrin Korkmaz The book is helpful, but I think the checklist needs to be improved based on the scenarios provided in the book, and in the case of concurrent filing, there should be a more wholistic approach, instead of trying to piece together pieces of information from different chapters. 4 of 4 people found the following review helpful. Very

thoroughBy Juliet McLarenVery thorough. Almost too much information! and my particular questions were only partly addressed.
