My green card originally was being processed thru my work by lawyers, and it was a horrible experience. At the same time, I met a wonderful person and we got married. I was still under the H1B visa. We decided that the lawyers were taking too long (after 1 year they had not even submitted the application even though the cost was already several thousand to the company), and we could not risk my losing my job and having to leave the country. So I began the process myself with my husband sponsoring me instead of the company I was employed by. I used this book as my only reference and the process went extremely smoothly. This

book was easy to follow, accurate, and had any exception possible, including mine. I did exactly what was recommended by the book. Each form needed was accurately described right down to how each field should be filled out. It was very clear and sequential. The checklists were wonderful as there was a lot of documentation that had to be completed. The USCIS website could be very confusing, but this book clarified any questions I had. Plus it not only explained how to apply, but how to change my status from conditional to permanent, and what to expect at each step along the way. I am so very happy I chose this route as it really was a reasonable process to complete, just not very clear on the USCIS website, and not worth spending the \$200 an hour on a lawyer. The book does give situations where it recommends getting help and the advice given in the book is very sound. I highly recommend this book regardless of if you get a lawyer or not as it details what to expect, what is needed at each step in the process, and how to deal with special cases. It also recommends what not to do to avoid being rejected, and if you screw up, your options. It is a very complete and concise guide!

By AAKingMy fianc is a British citizen, and we used this guide to successfully obtain his K-1 fianc visa. Using this book as our primary source, we didn't find it necessary to hire an attorney, and we received the visa without any problems. It required a lot of work, but this book kept us informed and organized. Like any printed material, some of the information is slightly outdated, but the authors preface the book expressing that possibility and urge their readers to check for the latest information on the government websites. We'll be using this book to apply for his green card after we marry. This book saved us thousands.

By wwaxThis is an excellent product for anyone trying to find their way through the US Immigration maze. It offers helpful advice that most importantly is correct. While trying to find information to help with the mountain of paperwork you have to fill in and collect, I've seen so much bad and faulty advice given out on forums that in the end I gave up trying to find any help online and just used this book. Details step by step how to fill in forms. What information to collect. What to take to interviews. For the many different types of marriage visas. I like to think that its thanks to this books clearly outlining clearly just what was needed and in what format that we were able to submit all our paperwork and get our interview and green card all within 60 days. I highly recommend this book for anyone even thinking about marrying someone from outside the USA so that you have a clear idea of what to do before you get married.

You're engaged or married to a U.S. citizen or permanent resident, and all you want is the right to be together in the U.S. Should be easy, right? It's not. Information can be hard to find, the government bureaucracy isn't helpful, delays are inevitable. Worst of all, there wasn't an easy-to-use guide through the process -- until now. Fianc Marriage Visas makes obtaining a visa and green card as painless as possible. It helps you decide the fastest and best application strategy for you, whether you are married or unmarried, living in the U.S. or overseas. With this friendly, comprehensive book, you can: understand the immigration process make your way through the bureaucracy prepare for meetings with U.S. officials learn how to prove your marriage is real deal with the two-year testing period Plus, Fianc Marriage Visas gives you helpful advice on protecting and renewing your green-card status. It also provides samples of essential forms, and shows you how to find them online. The 5th edition is completely updated throughout, covering the latest fees, sponsorship requirements and changes to the application process. It directs you to the most current forms online, and provides up-to-date sample forms to guide you.

Contains real-life, hands-on information that you won't find anywhere else.... I'll recommend this book to my friends and to my graduating law students, who plan to practice immigration law. (Lynne Parker Santa Clara University School of Law 20090101)"An excellent resource for people who are trying to wind their way through the immigration service's byzantine rules and regulations..." (Mark Silverman, Immigrant Legal Resource Center 20080606)"Contains real-life, hands-on information that you won't find anywhere else.... I'll recommend this book to my friends and to my graduating law students, who plan to practice immigration law." (Lynne Parker, Supervising Immigration Attorney, Santa Clara University School of Law 20070604)Easy to understand, written eloquently. (C. V., Torrance, CA)Great book with tons of information. Will be a great help in my fiancée visa application. (R. W., Fairbanks, AK 20090101)This was great! It got my wife here with no problems and no lawyer. (T. C., Sacramento, CA 20090101)It waters down the legalese without removing the essential important things one needs to know. (Michael M. M., San Antonio, TX 20090101)A very informative book and I enjoyed the reading.... Overall, this book has been very helpful. (J. D., Dodge City, KS 20090101)An excellent resource for people who are trying to wind their way through the immigration service's byzantine rules and regulations... (Mark Silverman Immigrant Legal Resource Center 20090101)"Contains real-life, hands-on information that you won't find anywhere else.... I'll recommend this book to my friends and to my graduating law students, who plan to practice immigration law."From the PublisherDon't let boundaries separate you from the one you love.
