**Editors of Reader's Digest : Fight Back and Win: What to Do When You Feel Cheated or Wronged** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fight Back and Win: What to Do When You Feel Cheated or Wronged:

0 of 0 people found the following review helpful. Unlike other reviewer, I find this book is of ...By Thomas R. HartmannUnlike other reviewer, I find this book is of invaluable help. Though with a 2001 copyright, it touches on issues that haven't changed much over the ages. Landlord and tenant issues are the same. insurance issues are the same. Actually, I'm surprised no one has updated the volume. Nothing stays entirely the same, but if you look for a

rival book, you'd be hard-pressed to find it. Check your public library if you don't believe me. 4 of 6 people found the following review helpful. Good general advice, but nothing very specific. By Brooks White This book offers very general advice to laypersons as to how to deal with a myriad of legal issues, from starting your own business to contesting a traffic ticket. However, more often than not, the advice given is so general in nature that I would question whether it is of much practical value to readers. It seems that the favorite advice of the authors is "see a lawyer." Moreover, the authors frequently acknowledge that laws on certain issues vary so much from state to state that it is not practicable to give specific advice on such subjects. In such cases, they recommend that you research the applicable state law. The book is OK for pointing you in the general direction you need to go, but don't expect it to be a comprehensive guide to solving your legal difficulty.

Dealing with home, family, and work related issues
