**Amos Guiora : Freedom From Religion (Terrorism and Global Justice)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Freedom From Religion (Terrorism and Global Justice):

In Freedom From Religion, Amos N. Guiora invites readers to consider an unusual technique for curtailing the threat of new terrorist attacks: limiting freedom of religion and freedom of expression for religious extremists. Through concrete examples, Professor Guiora maintains that there exists a connection between politically-correct tolerance of

extremist speech and the rise of terrorist activity, suggesting an even greater need for his unique proposal that governments should introduce new limits on religious practice within their borders. To demonstrate the wisdom of this course, Professor Guiora presents the disparate policies and security circumstances of five countries: the U.S., the UK, the Netherlands, Turkey, and Israel. In setting forth his analysis, he addresses Islamic, Christian, and Jewish extremism. This candid account of such a controversial subject matter convincingly clarifies the relationship between freedom of speech and terrorism.

Amos Guiora has produced a challenging and thought-provoking book that seeks to challenge conventional wisdom on the importance of religious freedom in a civil society faced with the challenges of religious extremism. Lee Marsden, *Journal of Church and State* About the Author Amos N. Guiora is Professor of Law at S. J. Quinney College of Law, University of Utah, where he teaches Criminal Procedure, International Law, Global Perspectives on Counterterrorism, and Religion and Terrorism. Professor Guiora incorporates innovative scenario-based instruction to address national and international security issues. He served for 19 years in the Israel Defense Forces as Lieutenant Colonel (retired), and held a number of senior command positions. Professor Guiora received the University of Utah S.J. Quinney College of Law 2011 Faculty Scholarship Award, was awarded a Senior Specialist Fulbright Fellowship for The Netherlands (2008) and a research grant from the Stuart Family Foundation (2011).
