Robert C Port : Georgia Business Litigation before purchasing it in order to gage whether or not it would be worth my time, and all praised Georgia Business Litigation:

Georgia Business Litigation, edited by Robert C. Port, is a one-volume, comprehensive guide to matters business litigators will encounter, including: officer, director, shareholder, partnership and LLC disputes; securities litigation; non-compete and trade secret issues; RICO; business torts; fraudulent transfers; employment litigation; and the ever-

increasing use of arbitration. Transactional attorneys will also find this handbook tremendously useful, as these issues present themselves regularly in non-adversarial or pre-adversarial contexts. Written by a stellar panel of veteran GA litigators and arbitrators, *Georgia Business Litigation* allows the reader to focus research, save time, field quick client questions, and follow specific areas of law as they develop year to year.

About the Author Robert C. Port Robert C. Port is of counsel with the Atlanta law firm of Gaslowitz Frankel, LLC. Previously he was a partner of Cohen, Goldstein, Port Gottlieb, LLP, where he practiced business and securities litigation, with a particular emphasis on representing investors harmed by the misconduct of their stockbrokers, investment advisors, or insurance agents.
