Gerry Spence : Gerry Spence: Gunning for Justice before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gerry Spence: Gunning for Justice:

1 of 1 people found the following review helpful. A Mixed Bag By R. Whitney When Spence is not carrying on at great length about how brilliant he is, and how successful he is in obtaining record-breaking monetary judgments for his clients, it's a fine book. But far too much of it is a highly detailed, egotistical recitation of his own accomplishments. When Spence stops puffing out his chest and explains the case of Karen Silkwood, the narrative becomes compelling. 0 of 0 people found the following review helpful. Five Stars By RLPLoved the book especially the part about Mark Hopkinson. 1 of 1 people found the following review helpful. A Deep Analysis of Several High Profile Cases By Samantha Very illuminating memoir of several high profile cases of Mr. Spence's career. Varied in their subject matter and gripping in their unfolding and culmination. A classic addition to his fascinating body of work.

Here is Spence's life story. The story of redemption of a one-time insurance company lawyer who decided to go "gunning for justice" for the average citizen.
