**Richard Haughey : Getting Density Right: Tools for Creating Vibrant Compact Development (Special Report - Urban Land Institute)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting Density Right: Tools for Creating Vibrant Compact Development (Special Report - Urban Land Institute):

0 of 3 people found the following review helpful. Getting Density Right By Harold Henderson How fast can you revise the American Dream of every family on its own large lot? Pretty fast, if you're the Urban Land Institute, which in this book offers eight detailed case studies of places where denser development has proceeded successfully. More at [...]

Based on expert forums of practitioners from the public and private sectors, this book describes tools used nationwide to better support compact development, including visioning, planning, and new regulations.

About the Author Richard Haughey is the director of multifamily development at the Urban Land Institute in Washington, DC. He has been published in Urban Land magazine and serves as program planner for numerous conferences, symposiums, and workshops.
