D. Daniel Sokol, Daniel Crane, Ariel Ezrachi : Global Antitrust Compliance Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Global Antitrust Compliance Handbook:

This multi-jurisdictional compliance guide offers a comprehensive and detailed multi-country review of critical antitrust compliance issues. The book outlines the laws and practice in forty three of the most important antitrust jurisdictions around the world - focusing on anticompetitive agreements, market power and monopolization, enforcement, arbitration and remedies. With compliance requirements in mind, the book provides law firms and in-

house lawyers with the necessary information to explore the changing global antitrust landscape. Chapters in this guide follow a clear division to sections and include discussion of the enforcement priorities in each jurisdiction. Contributions to this book have been authored by leading competition law practitioners from their respective jurisdictions.

This is an ambitious comparative review of antitrust law requirements around the world. It contributes significantly to current knowledge in that it covers a number of jurisdictions not normally covered by reviews such as this * Anne Riley, Group Antitrust Counsel, Shell International * Mssrs Sokol, Crane, and Ezrachi have quarterbacked a new country-by-country competition law compendium that serves as a one-stop shop resource for business leaders and their counselors. Covering 43 jurisdictions with each country's chapter written by a who's who of international competition law practitioners, this publication is particularly useful for in-house counsel who advise far-flung business operations and need a solid, credible reference to quickly ascertain core competition law principles. This volume holds a place on my desk reserved only for a few "go-to" world competition law authorities. * Brian R. Henry, Senior Managing Counsel, North America Competition Law, The Coca-Cola Company *About the AuthorD. Daniel Sokol, Associate Professor of Law, University of Florida, Daniel Crane, Professor of Law, University of Michigan, Ariel Ezrachi, Slaughter and May University Lecturer in Competition Law, University of OxfordD.
