Dan R Williams : Guide to the Energy Policy Act of 1992 before purchasing it in order to gage whether or not it would be worth my time, and all praised Guide to the Energy Policy Act of 1992:

The Energy Policy Act of 1992 has created the United States's first truly comprehensive energy policy, with far-reaching implications for US business and industry. This reference serves as a systematic guide to the Act, providing plain-language explanations of the modifications which it makes to many public laws, including NEPA and PUHCA. Additionally, a title-by-title analysis of the provisions within the legislation are identified that impacts the energy management community. The reader should gain an understanding of what is required to achieve compliance with new and revised regulations, as well as how to benefit from the many tools written into the law.
