That is what had me hook, line and sinker, when I read the back of the book online. I did want to know more. After reading the book, I NEED to know more. I had no idea a second and third book would be made and now I can't wait to get the second one so I can...know more. This is a very short book but has a lot of power and

information included within it's pages. I live in Bristol Virginia now which isn't far from Kingsport where you can see Harry roam, but I wasn't aware of him at all, until a couple of years ago. I hope that the author will also some day write a book on another famous Kingsportian ( if that is a word ), by the name of Jack Campbell. I can say that this is the first of the books written by the author that I have read, but I will be reading more. I can not only call him a great author but a great friend as well. 2 of 3 people found the following review helpful. Remarkable! By I Love Books! When you combine a great writer and a great character you often create a great story. That is definitely what happened here. I have known Harry, the subject of the story, for over 30 years and have known the author for several years. Jason (JS) Moore has not only the capacity, the desire, and the skill of storytelling; he also has the 'gift,' which I have rarely seen, although I've been in the book business for nearly half a century. Moore is adept at picking the right subject material and giving a unique and sometimes unusual perspective on the story. More Twain than Grizzard, JS Moore includes himself in the story as the story teller, but the story itself is truly Harry's. It's a small book with a powerful message. I look forward to the trilogy.

Look into the life and philosophy of Kingsport, Tennessee's own Harry Bowyer. Once a soldier, then a lawyer and acting judge, Harry walked away from his comfortable way of life when he found God and began to serve Him. For mature audiences because of language... Part One of Three. A portion of proceeds will benefit Harry.

From the Author: Father, if thou be willing, remove this cup from me: nevertheless not my will, but thine, be done. And there appeared an angel unto him from heaven, strengthening him... (The Book of Luke - 22:42-43) Getting to commune with Harry has been a blessing and learning experience. I've gotten closer in my own walk with God as well. His testimony, I believe, will reach many people from all walks of life. -JS Moore About the Author: JS Moore has authored the Understanding Apples Series of books, as well as, numerous books for children. He resides in Kingsport, Tennessee.
