Clements, Fairest, LM Clements : Housing Law: Text, Cases Materials before purchasing it in order to gauge whether or not it would be worth my time, and all praised Housing Law: Text, Cases Materials:

This book is a comprehensive survey of modern housing law, an area of growing importance which is becoming increasingly liable to change as a result of statutory intervention. The book takes a wide approach to housing law and includes, for instance, a look at owner-occupiers and their financial problems as well as covering inadequate mortgage

valuation reports from surveyors. It includes a large amount of cases and materials, and these are set in the context of substantial comment and analysis. This book is designed to be used not only by students of housing law, but also as a useful reference tool for professionals in the housing market.

About the Author The authors are Professor PB Fairest and LM Clements, lecturers in Law at the University of Hull.
