Richard Daley : s Real Estate Development Law (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised s Real Estate Development Law (American Casebook Series):

0 of 0 people found the following review helpful. Not worth the moneyBy Dennis RazorToo basic for the money. If you are a practicing lawyer looking for a reference book or good forms, this is not it. It is written as a textbook for students. The used copy I received was in poor shape, but was advertised as "good." It contained heavy pen marks throughout.0 of 0 people found the following review helpful. BEST COMMERCIAL REAL ESTAE BOOK AROUND.By ZXBEST COMMERCIAL REAL ESTATE BOOK AROUND. AMAZING AUTHOR0 of 0 people found the following review helpful. Text in great condition!By Live31As described and promptly shipped - thank you!

This book explores all the thought processes, skills, and disciplines that a lawyer uses when representing the developer of a commercial real estate project. The book adopts a practical, skill-oriented approach in examining the role the lawyer plays at each of the stages of development, including: Gaining control of the project site; Securing governmental approvals and incentives; Forming and capitalizing the project entity; Closing the land acquisition; Obtaining construction financing; Designing and constructing the project; Negotiating the project lease; Executing an interim exit strategy; Operating the project; Selling the project. The focus of the book is on why real estate development lawyers do what they do and not on the specifics of how they do it.
