**From Louisiana State University Pres, 1994 : Slavery, the Civil Law, and the Supreme Court of Louisiana**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Slavery, the Civil Law, and the Supreme Court of Louisiana:

0 of 0 people found the following review helpful. Another look at an underreported side of the issue. By oldgal I think this book is for the person who wants to know more about the laws undergirding slavery, whether for research purposes or to understand another layer of the issue. I found it to be informative as well as interesting, and because it quotes so many laws and court cases, to also be credible. Information spans America from its inception as English, French and Spanish Colonies, throughout United States of America history. I do recommend it.

Slavery, the Civil Law, and the Supreme Court of Louisiana by Judith K. Schafer. Louisiana State University Press, 1994
