**Kevin B. Smith : State and Local Government (State Local Government)** before purchasing it in order to gage whether or not it would be worth my time, and all praised State and Local Government (State Local Government):

0 of 0 people found the following review helpful. Decent and doesnt cost too much.By Jonathan HeimerValuable information. But a shrewed student could find similar articles (this is really just a anthology of political science journal articles) and be able to get by without.

Every year, CQ Press publishes its trusted collection of articles on a wide range of issues currently affecting state and local politics. Editor Kevin Smith samples from publications such as Governing, State Legislatures, and Campaigns Elections to grab your students' interest with highly readable and current articles that hit close to home.
