1 of 1 people found the following review helpful. An Ounce of PreventionBy J. L. WeimerLawsuits against churches are escalating, as the social constraints against suing clergy break down.This is the perfect book for pastors and other

religious workers who want to avoid lawsuits. The authors are practicing lawyers, writing for non-lawyers. It will pay for itself thousands of times over when a single lawsuit is stopped.

(from the Introduction) Your book should be required reading for every church pastor and primary lay leader, along with the property board chairperson ... excellent illustrations. Rev. Carl Buettemeier Newport Lutheran Church Newport, Minnesota Hagglund and Weimer ... give just enough information to understand and act responsibly. At the same time they do not bury the reader with legalese ... I especially appreciate the list of specific suggestions at the end of each chapter. Rev. Thomas D.
