The book is well-written, explanatory, and through. Read it before you miss that first house payment if you can, before you respond to the foreclosure papers, before you walk into court or even after you've been to court and lost. You still will gain some perspective on your situation if nothing else. I wish I would have read it much sooner but it was still very helpful. Thank you Alan Sims. The general public would have been better off following the essence of this book rather than the government holding up these stupid modifications that, if you could get one, only made the banks more money and cost the homeowners valuable time they could have better spent revamping their lives.2 of 2 people found the following review helpful. FactualBy Warrior PrincessClear, concise, factual and relevant. An easy read giving you the chance to reread it various times as things gel in your head without becoming drudgery2 of 2 people found the following review helpful. A MUST readBy CustomerThis is one of the best books I've read, written in laymens language and easy to understand. Writing to Mr. Sims via his website I was surprised to get a personal response from a very caring man that understands what the banks are doing to people. Keep up the great work! I highly recommend his book and website!

Sims is a nationally recognized expert on mortgage fraud and real estate related issues. In January, 2011 he assisted a homeowner in proving fraud against a titan bank on a very tight budget. It was the first victory of its kind since the housing crisis began. While not an attorney, he is consulted by attorneys nationwide as an expert witness to build cases against banks, mortgage firms, and mortgage scam operations. He teaches attorneys and judges in California State Bar approved continuing education courses on real estate matters. In 2009 he formed The Center for Litigation and Consumer Real Estate Education , a national nonprofit, to empower homeowners to fight back against their banks and mortgage companies. Recently, the name has been changed to Courtroom Advocates. Having a passion for helping "the little guy," Sims has spent the past 20 years collaborating on varying sizes of real estate legal battles. He considers it a privilege to empower distressed homeowners and help them find their "voice" while offering actionable, affordable solutions.
