0 of 0 people found the following review helpful. Great BookBy Leo C. BacksThis is a great book on understanding the years of Chief Justice Warren. It gives the reader insight on how the Supreme Court works and how the Constitution was interpreted. Som agree wit the decisions and others disagree. It is a great source for understanding Constutional Law.

Based on documentary sources such as conference lists, notes, and docket books of the justices, as well as on oral sources such as personal interviews with other justices and former law clerks, this biography recounts the judgeship of Supreme Court Chief Justice Warren. The Warren Court's decisions, its style, and its impact on judicial history are skillfully examined.
