**Lee Hadnum : Tax Saving Tactics for Non-Doms** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tax Saving Tactics for Non-Doms:

This brand new tax saving guide explains the new tax rules for non-doms in plain English. It also reveals how you can still use your non-domiciled status to save tax. Subjects covered include how to structure a tax-free overseas

investment portfolio, how to enjoy a tax-free holiday home in the sun, using offshore bonds to avoid UK tax, how to escape the new rules by gifting assets to family members, new exemptions that allow you to save thousands in tax, how every non-dom can save an extra 799.60 tax every year, how to escape the new 30,000 tax charge and using offshore trusts and companies to save tax.
