following review helpful. autobiographies are tricky!By Betsy GreeneSince I live in Texas and was acquainted with Mrs Raggio, I will never belittle all the good she did for women. Let's spin history, pat oneself on the back, and spread propagandaBy wildsolutesThe truth that is missing from this little brag rag is the fact that Louise Raggio represented violent pedophile and child abusers. She and her husband participated in advocating for the rights of Lee Harvey Oswald, murder of President and civil rights advocate JFK. But, hey, let's spin this baby and hide the truth to what sort of person this woman really was. Documents and testimonies are far more interesting than some old lady's perverted version of the truth of history.
