G. Edward White : The American Judicial Tradition: Profiles of Leading American Judges before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Judicial Tradition: Profiles of Leading American Judges:

2 of 2 people found the following review helpful. The 3rd edition requires a revised subtitleBy Paul H. BlackmanEdward White's first edition or two of "The American Judicial Tradition" may have been "profiles of leading American judges," but the third edition has removed too much from the 19th century in order to become mostly a

commentary on Supreme Court trends from the New Deal onward -- a topic that now covers about two-thirds of the book. For a student of history, interested in history, commentary on the Court as a whole, without much concern as to which judges are "leading" and which are merely in power, was a big disappointment. 0 of 0 people found the following review helpful. Prof. White's writings must be read. By Xia Li This book should be one of the most classical about American legal history.

In this revised third edition of a classic in American jurisprudence, G. Edward White updates his series of portraits of the most famous appellate judges in American history from John Marshall to Oliver W. Holmes to Warren E. Burger, with a new chapter on the Rehnquist Court. White traces the development of the American judicial tradition through biographical sketches of the careers and contributions of these renowned judges. In this updated edition, he argues that the Rehnquist Court's approach to constitutional interpretation may have ushered in a new stage in the American judicial tradition. The update also includes a new preface and revised bibliographic note.

Acclaim for previous editions "[A]n outstanding book. [A] keenly intelligent and insightful explanation of how American appellate judges have justified the special power they have in this nation." --Journal of American History
Acclaim for previous editions "White has written a thoughtful and often provocative work. The portraits are lucid, salient and well focused, and they readily suggest the variety of ways in which judges have exercised the personal discretion permitted by institutions of law." --The American Historical Association
Acclaim for previous editions "...stimulating and highly readable.... The American Judicial Tradition...provides an excellent introduction to some of the most influential American judges and cases [and] like all good books, provokes as many questions as it resolves." --Administrative Law
Acclaim for previous editions "[P]rovide[s] a trenchant insight into the professional background, commitments, and jurisprudence of those jurists as well as a genuine understanding of the historical periods in which they functioned. We are all in Professor White's debt for a major achievement." --Virginia Law From the Back Cover
Now available in an expanded and updated second edition, this highly-acclaimed volume presents a series of portraits of the most famous appellate judges in American history from John Marshall to Warren Burger. G. Edward White traces the American judicial tradition through sketches of the careers and contributions of these renowned judges.
About the Author G. Edward White is University Professor and David and Mary Harrison Distinguished Professor of Law at the University of Virginia. He is author of several works of biography and law that include the award-winning *Oliver Wendell Holmes, Jr.*, and most recently, *Alger Hiss's Looking Glass Wars*.
