William Breit, Kenneth G. Elzinga : The Antitrust Casebook: Milestones in Economic Regulation (Dryden Press Series in Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Antitrust Casebook: Milestones in Economic Regulation (Dryden Press Series in Economics):

3 of 4 people found the following review helpful. Wonderful teaching aid
By A Customer
The Antitrust Casebook: Milestones in Economic Regulation is a wonderful attempt to use actual case law to illustrate the history, past precedents, and current standards of American antitrust law. The cases are excerpted so they only include the particularly relevant portions of a court opinion. Combined with a decent instructor, this book can easily be used to construct a college level class that would be comparable to most law school's antitrust courses. Very beautifully done.
