would be worth my time, and all praised *The Art and Science of Securities Law: Leading Lawyers on Securities Litigation, Enforcement, and Regulation (Inside the Minds)*:

The Art and Science of Securities Law is an authoritative, insider's perspective on the issues surrounding securities law. The reader will become familiar with topics such as significant securities laws and regulations, the importance of disclosure documents, and the future of securities law, on a global scale. Featuring department heads, group chairs, and leading partners, all representing some of the nation's top firms, this book provides a broad, yet comprehensive overview of the practice of securities law, discussing the current shape and future state of the practice area from the founding doctrines, to the pivotal cases of today. From the steps involved in effectively counseling clients in this highly regulated environment to crucial tactics around advising clients on all aspects of compliance, these authors articulate the finer points around securities now, and what will hold true into the future. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today as experts offer up their thoughts around the keys to success within this fascinating practice area. About *Inside the Minds*: *Inside the Minds* provides readers with proven business intelligence from C-Level executives (Chairman, CEO, CFO, CMO, Partner) from the world's most respected companies nationwide, rather than third-party accounts from unknown authors and analysts. Each chapter is comparable to an essay/thought leadership piece and is a future-oriented look at where an industry, profession or topic is headed and the most important issues for the future. Through an exhaustive selection process, each author was hand-picked by the *Inside the Minds* editorial board to author a chapter for this book.
