Stephen A. Radin : The Business Judgment Rule: Fiduciary Duties of Corporate Officers, Sixth Edition (Volume of 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Business Judgment Rule: Fiduciary Duties of Corporate Officers, Sixth Edition (Volume of 4):

3 of 3 people found the following review helpful. Important Contribution to Our Economy
By Alexandra R. Lajoux
In our world of fleeting twitters, blogs, and googling on the governance headlines of the day, a six-volume treatise on the time-honored business judgment rule may seem anachronistic. Yet without this landmark work, the rest of our hard-won terrain could become a wasteland. While the price of this book may not suit the average working person, certainly any serious professional working in the governance field would want access to these pages--either by purchasing it or, better yet, persuading the nearest library to do so. I strongly recommend this work for two main reasons. First, the topic is important. Corporate directors and officers have duties and thus potential liability. If it were not for the business judgment rule, DOs might be judged more harshly for their good faith decisions, becoming more timid and self-protective in their roles. Our economy would be the poorer. In the main, our corporations and our boards are doing well by us despite a litigious environment, and that's thanks in part to the business judgment rule. Second, users of this book will not only learn about the business judgment rule, but they also will learn about a myriad of other related legal concepts that the officers, directors, and owners of corporations need to master in order to keep our companies - and our economy - moving forward.

View author Stephen Radin speaking at a recent roundtable: [Assessing the Legislative Reform Agenda The Business Judgment Rule: Fiduciary Duties of Corporate Directors](#), now recently updated and expanded from two to four volumes, provides the timely authoritative guidance you need. Meticulously researched and expertly analyzed by Stephen A. Radin, partner at Weil, Gotshal Manges, LLP, and one of the most respected and experienced practitioners in the field, this highly regarded text is an invaluable research tool. The author seamlessly combines cases, statutory provisions and commentary to help you make sense of the constantly changing body of law, even as the courts struggle to adapt the rule in new contexts. This new Sixth Edition of *The Business Judgment Rule: Fiduciary Duties of Corporate Directors* explores the latest developments in the law in Delaware and all other jurisdictions that have addressed business judgment rule and related corporate governance issues, as well as the most recent cases exploring the breadth and limits of the business judgment rule. The *Business Judgment Rule, Sixth Edition* spotlights such vital areas as duty of care issues duty of loyalty issues disinterestedness and independence issues the emerging good faith doctrine oversight and the Caremark doctrine compensation stock option backdating controlling shareholder transactions special committees disclosure obligations appraisal financially troubled companies and the zone of insolvency defensive measures deal protection measures shareholder derivative litigation the pre-litigation demand requirement Section 220 demands indemnification of directors and officers *The Business Judgment Rule: Fiduciary Duties of Corporate Directors, Sixth Edition* is a powerful legal tool. Its the most complete, most current, most practical guide in the corporate governance arena available to working professionals today.
