Mr. Dustin W. Westfall : The Case of Copper Beach (Crystal) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Case of Copper Beach (Crystal):

0 of 0 people found the following review helpful. Great bookBy Sam HarrisI loved it! I bought it the day it came out! Wonderful! I liked how it was about Alice, she was really interesting. I liked that sex scene. Very....bold. I knew Justin was kidnapped from the minute she started questioning where he was. Great book. Hope there is a sequel! The ending was mind-twisting! I WANT MORE

"The Case of Copper Beach" follows Alice Hurst, an F.B.I. agent. Bodies have been found in Brookings, Oregon, completely mutilated. Pieces of the bodies are missing; eyes, brain, skin, bones, etc. It's up to Alice Hurst, with the help of Mickey, Wes, and Justin, to solve this case. But what she learns about the killer is substantially different from any case she's ever taken on...the killer is a schizophrenic, who believes the devil is speaking to him. Will she put the case to rest and capture the killer? Or will she become a part of the case?
