Nienke van der Burgt : The Contribution of International Fisheries Law to Human Development: An Analysis of Multilateral and ACP-EU Fisheries Instruments (Legal Aspects of Sustainable Development) before

purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Contribution of International Fisheries Law to Human Development: An Analysis of Multilateral and ACP-EU Fisheries Instruments (Legal Aspects of Sustainable Development)*:

The Contribution of International Fisheries Law to Human Development: An Analysis of Multilateral and ACP-EU Fisheries Instruments examines whether and how legal fisheries instruments encompass a normative consensus on human development, reflected by the indicators of equity, poverty eradication and participation.

"Dr Nienke Van der Burgt writes a fascinating and timely analysis of international fisheries instruments that goes beyond interpretations of sustainability and commerce, and analyses the influence of these instruments on human development." -Quentin Hanich, University of Wollongong
About the Author
