WHAT A RELIEFBy Linda ShimminsI have been a paralegal specializing in landlord-tenant relations for a good number of years and I can recommend this author and his book whole-heartedly. Many times I have turned to it's pages. I believe I have quite a few revised versions and will continue to purchase every time he revises. Good work, Leigh, keep it up.

This new edition of the popular guidebook tells landlords in California what they need to know to protect their properties, discusses landlord rights, and outlines techniques for eviction, rent control, and avoiding court appearances. The book covers post-eviction duties, what to do with the tenant's belongings, how to handle the deposit, and how to

collect the judgment.
