Robert A. Carp, Ronald Stidham, Kenneth L. Manning : The Federal Courts before purchasing it in order to gage whether or not it would be worth my time, and all praised The Federal Courts:

For law and courts courses focused on the federal level, this popular spin-off volume from Judicial Process in America, is the perfect supplement. The authors explain the organizational structure of the federal courts, outline the

jurisdiction of the three levels of U.S. courts, and pay particular attention to the link between the courts, public policy, and the political environment.

About the Author Robert A. Carp is professor of political science at the University of Houston. He is coauthor of *Policymaking and Politics in the Federal Courts*; *Politics and Judgment in Federal District Courts*; *the Federal Courts*, fourth edition, with Ronald Stidham; and numerous articles on judicial process. Ronald Stidham is professor emeritus of Government and Justice Studies at Appalachian State University. He is coauthor of *The Federal Courts*, Fifth Edition, with Robert A. Carp and Kenneth L. Manning; *The State Courts*, with Robert A. Carp and Kenneth L. Manning; and numerous articles in legal, social science, and criminal justice journals. Kenneth L. Manning is professor of political science at the University of Massachusetts Dartmouth. He is coauthor with Robert A. Carp and Ronald Stidham of *The Federal Courts (Fifth Edition)* and *The State Courts*, and coeditor of *Political Perspectives: Essays on Government and Politics*. Manning's work on the politics of judicial decision-making and federal judicial selection have been published in a variety of journals.
