**Eugene Volokh : The First Amendment and Related Statutes, Problems, Cases and Policy Arguments, 5th (University Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Amendment and Related Statutes, Problems, Cases and Policy Arguments, 5th (University Casebook Series):

1 of 2 people found the following review helpful. Two StarsBy AMaybe this book was so horrible because it reflects accurately the incomprehensible mess that is 1st Amendment jurisprudence.

This popular casebook examines First Amendment law using expertly edited cases, summaries of the law, analysis of the structure of policy arguments, and problems for class discussion. The new edition features an improved structure as well as updated coverage of topics, including obscenity, commercial speech, compelled speech, government as subsidizer, and free exercise of religion.
