Eugene Volokh : The First Amendment and Related Statutes: Problems, Cases and Policy Arguments (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Amendment and Related Statutes: Problems, Cases and Policy Arguments (University Casebook Series):

1 of 2 people found the following review helpful. Two StarsBy AMaybe this book was so horrible because it reflects accurately the incomprehensible mess that is 1st Amendment jurisprudence.

This popular casebook examines the First Amendment using expertly-edited cases, summaries of the law, analysis of the structure of policy arguments, and problems for class discussion. The new edition features updated coverage of strict scrutiny, content-neutral restrictions, the government as subsidizer, the no endorsement principle, the no coercion principle, and religious exemptions.
