**Steven Shiffrin, Jesse Choper, Frederick Schauer : The First Amendment, Cases--Comments--Questions, 6th (American Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Amendment, Cases--Comments--Questions, 6th (American Casebook Series):

This widely adopted soft cover casebook, designed for a two- or three-unit course in the First Amendment, has been thoroughly revised, tightened, and updated. The authors present the materials in a way that permits instructors to depart from the organization of the casebook with relative ease. The authors also try to expose students to original

perspectives or perspectives they might otherwise miss. Notes and questions enable students to study the variety of competing views embodying the First Amendment as they emerge from concrete cases rather than imposing an abstract characterization and classification on the student at the outset of the study.
