**From American Bar Association : The Fundamentals of Counterterrorism Law (Aba Section of Administrative Law and Regulatory Practice)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fundamentals of Counterterrorism Law (Aba Section of Administrative Law and Regulatory Practice):

The newest title to focus on a relevant and recurring topic, *The Fundamentals of Counterterrorism Law* dives into the basic legal framework surrounding the many parts of dealing with terrorism - covering such critical topics of international investigations, national security law, ethics, privatization, drones, cyberterrorism and much more. Written by admirable and experts in the field of terrorism, these authors offer an astounding view into the current laws and justification for the governmental responses stemming from the September 11, 2001 attacks.

About the Author Lynne Zusman is an experienced litigator and negotiator in Washington, D.C.
