Elizabeth Moore This is a great book, thank you for getting the facts right, and for fully understanding the events as they happened.

Backdating has been one of the most controversial issues within Corporate America. See how this issue has caused such havoc in the business world and how it has turned CEO Gregory Reyes' world upside down.

About the Author Carlton has always wanted to tackle a note worthy topic and the Gregory Reyes Backdating Trail certainly qualifies. As you will see in the works that Carlton has assembled it is scary to think the government could engineer a verdict with no penalty from the Court System itself. If you are on the wrong side of the law watch out. As you read through the treatise you will soon see the Prosecutors will stop at nothing to win instead of searching for Justice. Somewhere along the line they have stepped off the path and decided they will administer justice how they see fit. Carlton couldn't make this us. Beware if you cross pathes with the Governmen
