From Ingramcontent : The Impact, Legitimacy and Effectiveness of EU Counter-Terrorism (Routledge Research in Terrorism and the Law) before purchasing it in order to gage whether or not it would be worth my

time, and all praised *The Impact, Legitimacy and Effectiveness of EU Counter-Terrorism* (Routledge Research in Terrorism and the Law):

Counter-terrorism law and policy has been prominent and widespread in the years following 9/11, touching on many areas of everyday life from policing and border control to financial transactions and internet governance. The European Union is a major actor in contemporary counter-terrorism, including through its development of counter-terrorism laws for application within the Union. This book undertakes a multi-disciplinary and empirically informed analysis of the impact, legitimacy and effectiveness of EU counter-terrorism. Taking into account legal, societal, operational and democratic perspectives, this collection connects theoretical and practical perspectives to produce an interdisciplinary and multi-stakeholder study of how we might measure and understand the impact, legitimacy and effectiveness of EU counter-terrorism. Bringing together a select group of experts in the field, particular emphasis is placed on understanding the practical experience of implementing and assessing these measures gathered from and with end users, including law-makers, policy-makers, security services, industry partners and civil society. This edited collection will be of great relevance to scholars and policy makers with an interest in counter-terrorism law, EU law and security studies.

About the Author Fiona de Londras joined Durham Law School as Professor of Law and Co-Director of Durham Human Rights Centre in 2012. Her research and teaching are in the fields of human rights and comparative constitutional law. Josephine Doody joined Durham Law School as Research Fellow in September 2013. Her research interests lie at the intersection between criminology, sociology and human rights law.
