Barry Zalma : The Insurance Fraud Deskbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Insurance Fraud Deskbook:

The Insurance Fraud Deskbook is a valuable resource for those who are engaged in the effort to reduce expensive and pervasive occurrences of insurance fraud. It explains the elements of the crime and the tort to claims personnel, and it provides information for lawyers who represent insurers, so they can adequately advise their clients. Prosecutors and their investigators can use this book to determine what is required to prove the crime and win their case.The full text of

decisions from courts of appeal and supreme courts across the country are provided so the reader can understand what happens after the investigation is completed and can apply that information to undertake their own thorough investigations. The effort to reduce insurance fraud requires the assistance of both civil and criminal courts. The Insurance Fraud Deskbook can help the prudent fraud investigator, insurance adjuster, insurance attorney, insurance Special Investigation Unit, and insurance company management to attain the information needed to deal with state investigators and prosecutors.
