Curtis Milhaupt, J. Ramseyer, Mark West : The Japanese Legal System (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Japanese Legal System (University Casebook Series):

This casebook on Japanese law has been specially designed for ease of use and theoretical versatility. Heavily edited cases, statutes, and articles canvass a wide range of intriguing problems and theoretical perspectives. Professors will find that it facilitates a variety of analyses and approaches to a given question ; whether sociological, anthropological, or approaches based on law and economics. The book allows for in-depth coverage of a diverse range of substantive

areas of law, from torts, criminal law, and contracts to employment and corporate law.
