I was hoping that this book covered more about single family owners. We have home owners association for that in a neighborhood here in Hollywood. This book is more about condo owners or townhouses that are bound together. Our neighborhood is single home owners meeting together about the

neighborhood. Good to read and know these things.0 of 0 people found the following review helpful. Excellent reference book for HOAsBy Momma MacExcellent book covering Homeowner Association laws in Florida. Every board member should get a copy and refer to it often.Offers specific advice and templates for most things you need to address as a HOA board member or HOA manager. Be sure to get updated copies as they are published, as the laws change every year.4 of 4 people found the following review helpful. Florida law bookBy Joanne BohmI found the book to be very informative and very easy to understand. It helped me to grasp the Florida law concerning homeowner associations. It was a very easy read.

7th edition of this popular book about laws in Florida relating to homeowners associations and how to run a homeowners association
