This book works great and has the same material as the new edition. The only difference is a couple of chapter numbers.0 of 0 people found the following review helpful. and its not terrible exciting. It's a rough readBy Kevin GehretIt's a textbook, and its not terrible exciting. It's a rough read, but it got me though my course, and it was much cheaper than buying it from the bookstore.2 of 2 people found the following review helpful. Good bookBy LisaDThe book was required for a class, but it's a good quality textbook. It

incorporates legal cases that are relevant to the subject matter. It also gives examples for definitions - these are very helpful! The only thing I don't like about it is the gloss on the pages - makes too much of a glare, so in that respect it's difficult to read.

This is the only textbook that helps readers develop a thorough understanding of the legal environment of business and enhances their ability to engage in critical thinking and ethical analysis.
