**Nancy K. Kubasek, Bartley A. Brennan, M. Neil Browne : The Legal Environment of Business (7th Edition)**

before purchasing it in order to gage whether or not it would be worth my time, and all praised The Legal Environment of Business (7th Edition):

1 of 1 people found the following review helpful. This book helped me out with my class a lot ...By Marquis W.This book helped me out with my class a lot. I learned a ton about laws, but for faster reviews or more information on contracts or legalities I would check out Henry Cheeseman Business Law and Contracts by Attorney Richard Stim. Combined those books helped me build the reference needed to complete my class successfully. This book alone has all the information needed, but having other books provides different information in understanding law.4 of 4 people found the following review helpful. There is wisdom in not buying the latest things...By The personI should have listened to the review that mentioned spelling mistakes. There were also several incorrect case citation numbers, so that when I had to look up the case for class in Lexis Nexis, it would bring up a completely different case, or not find

the case at all. 4 of 4 people found the following review helpful. RacketBy Scott In their haste to get this (2015) edition out for the (2014) fall semester, the authors forgot to hit the "spell check" button (e.g., p. 78, p. 79, p. 169). What a waste of \$200+ when this edition is essentially the same as the previous one with the exception of a few updated case briefs.

For courses in business law and the legal environment of business This comprehensive textbook not only helps students develop a thorough understanding of the legal environment of business, but also enhances their ability to engage in critical thinking and ethical analysis, and ultimately survive in an increasingly competitive global environment. The following features of this text are designed to ensure that the authors goal to develop critically thinking students who understand the important concepts of business law and the legal environment of business is attained. Teaching and Learning Experience This text will provide a better teaching and learning experience for you and your students. It provides: Critical thinking skills that are developed through a superior, comprehensive, one-of-a-kind approach. An emphasis on the global environment that helps prepare students for working in countries outside of the United States, or for U.S. companies with dealings in foreign companies or countries. Additional features that distinguish this text's teaching and learning advantages, including links connecting the law to other disciplines, a balanced mix of classic and current cases, For Future Reading lists, Applying the Law to the Facts features and more.
