Benjamin J. Hooks : The March for Civil Rights: The Benjamin Hooks Story before purchasing it in order to gage whether or not it would be worth my time, and all praised The March for Civil Rights: The Benjamin Hooks Story:

0 of 0 people found the following review helpful. Dr. Hooks' BioBy M. MillerThis book is excellent! I met Dr. Hooks and his lovely wife Mrs. Frances years ago but I didn't know much about his life except for his work with the NAACP. To see his life in words and pictures truly gave you insight into a great American! Despite the numerous obstacles he faced as a Black man growing up in the south, Dr. Hooks (and his family) didn't allow all of the racial roadblocks and

hatred to stop him from achieving his dreams. He had a brilliant mind and a humble heart. We could all learn lessons from this great man. I highly recommend this book to everyone. 0 of 0 people found the following review helpful. This is a book that I am very proud to ...By Albert Calvin, Jr. This is a book that I am very proud to own. During the mid 80's Dr Hooks spoke at our church during an NAACP rally.

The author recounts his inspiring leadership role in the ongoing struggle for civil rights and racial equality in America and abroad.

"With the knowledge of a lawyer and judge, the voice of a preacher, the position at the FCC and the power of the NAACP, he opened doors and remedied injustice in a way that extended opportunities for generations to come... America indeed is a better place for African Americans than before Benjamin Hooks. -Excerpt from the Foreword, by Dennis Archer"
