Michael Carroll : The Naked Lawyer before purchasing it in order to gage whether or not it would be worth my time, and all praised The Naked Lawyer:

The Naked Lawyer: In this first edition of The Naked Lawyer, Michael Carroll draws off decades of experience in the Lawyers Professional Liability insurance business to tell a series of tales - sad but true - that demonstrate how insurance generalists are not equipped to design policies to properly protect Law Firms. It's not because they don't

mean well; it's because Law Firms are subject to their own unique - and sometimes devastating - risks. In *The Naked Lawyer*, Michael Carroll shares with his readers not only how they can protect themselves against the fatal gaps that can devastate their lives, but do so without the burden of heavy premiums.
