before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Papers of John Marshall: Vol. VIII: Correspondence, Papers, and Selected Judicial Opinions, March 1814-December 1819* (Published by the Omohundro ... and the University of North Carolina Press):

The 1819 term of the Supreme Court stands preeminent in John Marshall's chief justiceship as the year of three major constitutional pronouncements: *Dartmouth College v. Woodward*, *Sturgis v. Crowninshield*, and *McCulloch v. Maryland*. This volume, covering 1814 to 1819, reproduces these and other important Marshall opinions given in the Supreme Court and the U.S. Circuit Court for Virginia. Also included are a series of essays Marshall wrote to answer critics of the *McCulloch v. Maryland* decision. In addition to papers concerning judicial business, this volume includes personal correspondence that sheds light on Marshall's private interests and family life.
