Tony Smith : The Police K-9 Unit: The Comprehensive Manual To Developing Your K-9 Unit before purchasing it in order to gage whether or not it would be worth my time, and all praised The Police K-9 Unit: The Comprehensive Manual To Developing Your K-9 Unit:

1 of 1 people found the following review helpful. Skip itBy JTReally basic. Too many personal anecdotes. Lots of fluff filler. Didn't tell me anything I didn't already know, and you should never write a manual that is basically an advertisement for your company. I'm sure Tony is a good trainer, but I'm not buying from him, I'm trying to learn about K-9 unit start up.0 of 0 people found the following review helpful. A must read for departments starting a K9 unitBy Andrew SimsA couple of months ago, my department began the initial process of starting a K9 unit from scratch. I sent out letters and emails to kennels all over the Midwest and South. The first kennel to get back with me was Tony Smith and his kennel, Little Rock K9 Academy. From the first contact, Tony has been great. We have not finished raising the money to purchase a dog, but Tony contacts me once a week and has been there for any questions that have come up along the way. He will tell you that customer service is of grave importance to him and his company, but give him a call and he will show you that he means it. This book is basically everything he has told me and more. In my opinion it would be great for any officer interested in becoming a K9 handler or starting a unit. However, I can tell you from experience that it is absolutely essential for small departments starting from scratch. This book will give the basics and make it possible for you to ask the right questions along the way.2 of 2 people found the following review helpful. ExcellentBy Devin BlackI have had the opportunity to be trained by and work with three other k-9 teams that Tony instructed. The training received there is second to none. This book is extremely informative when it comes to starting a K-9 team for your department or adding an additional team along with all aspects of K-9 training. The dog I work with every night and the other dogs that I have worked along side with their handlers are top of the line in all areas of their job thanks to Tony.

Protecting a community is serious business and takes a fully trained and staffed police force. Likewise, to properly train a Police Canine Unit takes knowledge, skill and experience. The Police K-9 Book gives an in-depth analysis and understanding of how to properly establish, maintain and grow a K-9 Unit. Every community is unique, but no matter what type of community you serve, adding a canine unit can be an effective tool for you. From selecting the right dog and training facility to choosing the correct officer, as well as understanding the paperwork and liabilities, The Police K-9 Book provides a comprehensive look at how a properly operated K-9 Unit can help you more fully protect your community. The Police K-9 Book is unlike any other resource and is destined to be a reference manual to the industry for years to come.

About the AuthorTony Smith is President of Little Rock K-9 Academy in Arkansas. He is retired and now a reserve patrolman for the Shannon Hills Police Department. He knows what its like to be on the street and is familiar with the types of situations officers may encounter. Tony is a Certified Law Enforcement Instructor who is licensed through the Drug Enforcement Administration, The Arkansas Health Department (Pharmacy Control Division) and the State of Arkansas. During his career, he has assisted several hundred K-9 teams with police service dog training, behavioral modification and certifications. Since 1983, he has trained more than 2,000 police service dogs for law enforcement agencies around the world. He specializes in producing Police Patrol and Narcotic Detector Dogs of superb quality. Under Tony's leadership, Little Rock K-9 Academy has provided properly trained dogs to law enforcement agencies in more than 40 states and several countries. Tony is an expert in his field and is passionate about what he does.
