Brian K. Friedman : The Real Estate Recipe: Make Millions by Buying Small Apartment Properties in Your Spare Time (Nuts Bolts Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Real Estate Recipe: Make Millions by Buying Small Apartment Properties in Your Spare Time (Nuts Bolts Series):

3 of 3 people found the following review helpful. Fantastic BookBy DanielThis book was definitely on the shorter

side, but it was worth the money and sits on the bookshelf as I type this. I do not think they offered a kindle version of this book but it looked cool and I purchased it. I was impressed. I have read nearly every book in this sub-category and this was one of my favorite books. It was light, insightful, and not easy to put to down. I finished it in two days. It walks you through the process in a straightforward and attention-getting style. The author was established and not arrogant (which I find to be the case in many books). I was actually going to send Mr. Friedman an e-mail asking him a question but I forgot to write it down.0 of 0 people found the following review helpful. Five StarsBy coffeeExcellent book.0 of 0 people found the following review helpful. Four StarsBy CustomerGood stuff!

Investing in apartment properties is made simple in this comprehensive resource for prospective buyers on how to make smart decisions about real estate and reach financial independence. Instructions, sample cases, worksheets, and real-life examples illustrate how to find and buy good property. An introduction to the real estate market for novices complements sophisticated discussions of finding value-added properties, determining market rent, obtaining a mortgage, refinancing, and selling. The expert advice presented offers an analytical approach to assuring predictable and successful investment in an often uncertain market.

"Explores the process of analyzing and buying an apartment property as an investment." Journal of Economic Literature
