Michael Harvey : The York-Antwerp Rules: The Principles and Practice of General Average Adjustment (Lloyd's Shipping Law Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised The York-Antwerp Rules: The Principles and Practice of General Average Adjustment (Lloyd's Shipping Law Library):

Written from the perspective of the Average Adjuster, this book is an essential read for practitioners in maritime law and marine insurance. The book contains: Historical references regarding the establishment of General Average from Roman Law onwards Establishment of the International rules: The Glasgow Resolution 1860 The York rules of 1864 The York-Antwerp Rules 1877, 1890, 1924, 1950, 1974 1994 The variation and changes to the text in 2004 but only those which had a significant effect Why the 2004 changes were not universally adopted; and General average security.

About the Author Geoffrey Hudson is a barrister and consultant average adjuster. He is a Titulary Member of the Comit Maritime International and a Vice-President of the British Maritime Law Association, having previously served as Chairman of its Executive Committee and Convenor of its General Average Committee. Michael Harvey is an average adjuster. He is a Fellow of the Association of Average Adjusters and served as Chairman in 2004/5. He served on the London insurance market committee that devised and revised the International Hull Clauses in 2002 and 2003. He has addressed the International Marine Claims Conference on several occasions and chaired the sub-committee that formulated the IMCC Claims Handling Guidelines of 2009.
